

Red 125cc Street Motorcycle

This is a street motorcycle with a 125cc engine. It features a classic design, spoked wheels, and a rear luggage rack.

Overview

Classic Street Performance

This 125cc street motorcycle combines classic design aesthetics with reliable daily performance. Featuring a durable single-cylinder engine and traditional spoked wheels, it is built for maneuverability and ease of use in urban environments. The inclusion of a rear luggage rack and essential safety lighting makes it a practical choice for commuting and light transport needs.
