

Red Metal Fuel Tank with Top Filler Cap

Compact red fuel tank designed for small engines and vehicles. It features a filler cap on top and a fuel outlet on the side.

Product Overview

Compact Fuel Storage Solution

This durable metal fuel tank is designed for compact engine applications and small vehicle fuel storage. Featuring a robust red painted finish, it is engineered for reliable performance in demanding environments. The integrated top filler cap and side-mounted fuel outlet ensure easy access and efficient fuel delivery.
