

Red Step-Through Urban Motorcycle

This red motorcycle is designed with a step-through frame, suitable for urban environments. It features a single-cylinder engine, chrome exhaust, and spoked wheels.

Overview

Urban Mobility Redefined

This red step-through urban motorcycle is engineered for efficient city commuting and daily transport. Featuring a classic step-through frame design, it offers ease of mounting and dismounting, making it ideal for navigating busy urban environments. The inclusion of a rear luggage rack and reliable braking systems ensures practicality for everyday use.
