Product Overview

Ergonomic Kitchen Solution

This refillable plastic wrap dispenser is designed to enhance kitchen efficiency and safety. Featuring a slim, contoured shell for a comfortable grip, it allows for smooth, bi-directional cutting of cling film, wax paper, or tinfoil. Built from durable, non-toxic ABS material, this dispenser ensures long-term usability and minimizes waste by allowing precise film length control.

Design & Safety

Safety Features	Hidden stainless steel blade, Bi-directional cutting, Safe for all ages, No exposed hazardous blades
Ergonomic Design	Yes

Technical Specifications

Material	ABS Plastic
Material Properties	Non-toxic, Odorless, Reusable, Deformation resistant

Usage & Convenience

Key Benefits

- Finger groove design for easy film retrieval
- Leaves 2cm of film exposed for next use
- Compatible with cling film, wax paper, and tinfoil
