Product Overview

Compact Cooling Solution

This GQR30U series compressor is a robust and efficient solution engineered specifically for mini drink cabinets, beer coolers, and water dispensers. Designed to support low-back pressure (LBP) refrigeration applications, it utilizes the eco-friendly R290 refrigerant for modern cooling needs. Its compact design and reliable performance make it an ideal choice for professional household appliance integration.

Performance Specifications

Cooling Metrics

80 W

Cooling Capacity

1.3

COP

0.0833 HP

Nominal Power

Electrical Specifications

Voltage and Frequency

220-240V, 50/60Hz

Technical Details

Motor and Cooling Type

Parameter	Value
Motor Type	RSIR
Cooling Type	ST
Application	LBP
Starting Device	PTC / Current Relay

Refrigerant Type

R290
