Product Overview

Precision Cutting Performance

This high-quality replacement blade is precision-engineered to deliver clean and accurate cuts across a variety of manual cutting applications. Constructed from durable stainless steel, it is designed for long-lasting performance in demanding environments. This component is an essential spare part for maintaining tool efficiency and operational safety.

Technical Specifications

Model Number	DDB-010
Material	Stainless Steel
Grade	Grade S.Steel

Safety & Handling

Safety Warnings

- Blade is sharp
- Handle with care
- Keep out of reach of children
