

Residential Ceiling Fan with Light

This ceiling fan is suitable for providing efficient air circulation in indoor environments. It features an integrated light fixture and durable construction.

Product Overview

Efficient Air Circulation and Lighting

This residential ceiling fan combines effective air circulation with integrated lighting, making it a versatile solution for indoor environments. Designed with a sleek three-blade configuration, it provides consistent cooling and ventilation performance. Its durable construction ensures long-lasting operation, suitable for both residential and commercial settings.

Technical Specifications

Number of Blades	3
Recommended Environment	Residential, Commercial, Indoor
Voltage	Standard

Features

Key Features

- Integrated light fixture
- Durable motor housing
- Efficient airflow design
