

Residential Ceiling Fan with Three Blades

This electrical ceiling fan features three blades for efficient air circulation. It is designed for residential or commercial use, with a white finish and a decorative gold band.

Overview

Efficient Air Circulation

This three-blade ceiling fan is engineered for effective air movement in both residential and commercial indoor settings. Featuring a clean white finish accented by a decorative gold band, it combines functional cooling with a sleek aesthetic suitable for modern interiors. Its balanced design ensures consistent performance and quiet operation for any room.
