

Retail Display Hook Stop Lock with Magnetic Key

This magnetic hook stop lock is designed to secure merchandise on retail display hooks. It prevents theft and unauthorized removal of items.

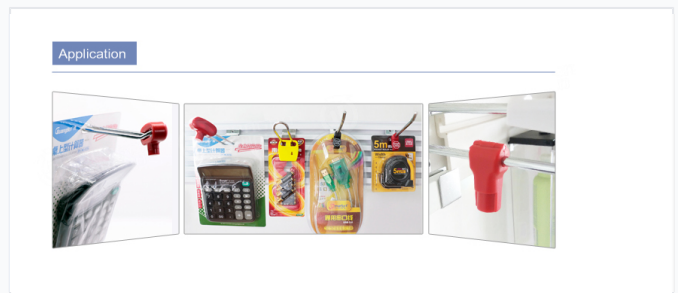

ADDITIONAL IMAGES

Product Overview

An effective tool for reducing inventory loss on display hooks.

Ideal for securing various merchandise types on pegboards and slatwalls.

Effective Retail Loss Prevention

This magnetic stop lock is a highly effective tool for reducing commodity loss in retail environments. Designed to secure hanging merchandise on display hooks, it prevents unauthorized removal while maintaining product visibility. The reusable locking mechanism is easily managed by authorized personnel using a magnetic detacher, making it an ideal solution for high-risk display areas.
