

Retro CRT Television with Integrated Speakers

This vintage CRT television is available in multiple screen sizes, ranging from 14 to 21 inches. It features a classic design with a silver-colored frame, integrated speakers, and front-panel controls.

Overview

Nostalgic CRT Television Experience

This retro CRT television set brings back the iconic aesthetic of classic cathode-ray tube displays, featuring a robust silver-colored frame and integrated speakers. Designed for enthusiasts of retro gaming and nostalgic visual styles, the unit includes convenient front-panel controls for easy adjustment. With multiple screen sizes available, it is an ideal choice for collectors or as a thematic display piece in any environment.
