

# RHF5 Turbocharger for VW Engines

This turbocharger is designed for VW vehicles, optimizing performance and reliability. It enhances engine power and efficiency by forcing more air into the combustion chamber, improving horsepower and torque.

## Product Overview

### Optimized Turbocharger Solution

The RHF5 Turbocharger is engineered to significantly enhance engine power and efficiency by optimizing air intake for the combustion chamber. Designed to meet or exceed stringent OEM specifications, this unit ensures reliable performance and a precise fit for demanding automotive applications. Its robust construction utilizes high-quality materials, making it a dependable choice for both standard and moderately tuned engines.

## Technical Specifications

Model Identification	RHF5
OEM Reference	8980199

## Quality & Compliance

### Quality Assurance

Verified • Quality Assured

Certifications	CE, ISO 9002, SGS, Bureau Veritas
