

Rider Sweeper for Municipal and Industrial Cleaning

This rider sweeper is designed for cleaning in municipal, commercial, and industrial fields. It efficiently collects debris such as leaves, sand, stones, and beverage bottles.

Overview

Professional Cleaning Performance

The Rider Sweepers are advanced vacuum jet sweeping machines engineered for municipal, industrial, and commercial road cleaning. These high-performance units effectively collect sand, stones, leaves, and waste with 100% dust box utilization. Equipped with a smart operating system and high-power drive, they provide a professional-grade solution for demanding outdoor environments.

Performance Metrics

Key Performance Indicators

14000 m³/h

Max Productivity

8 h

Continuous Runtime

230 L

Max Hopper Capacity

Technical Specifications

Model Comparison

Specification	S19 Model	S20 Model
Cleaning Width	1900 mm	2000 mm
Productivity	13000 m ³ /h	14000 m ³ /h
Waste Hopper	200 L	230 L
Dimensions	2100x1250x1900 mm	2100x1250x2000 mm

Operational Features

Drive System Specs

- Voltage: 48V
- Work Speed: 12 km/h
- Driving Speed: 7 km/h
- Working Power: 2300W
- Driving Power: 3000W

Application Areas

Municipal, Industrial, Commercial, Road Cleaning
