

# Right Angle IEC C13 Connector

This right-angle IEC C13 connector is designed for connecting devices to a power source. The 90-degree angle allows for space-saving in tight areas and is commonly used for computer power supplies, monitors, and other electronic equipment.

## Product Overview

### Versatile IEC C13 Connector

The XR-501C is a high-quality right-angle IEC C13 connector designed for efficient power distribution in space-constrained environments. Featuring a 90-degree design, it is ideal for computer power supplies, monitors, and various electronic equipment requiring a reliable, low-profile connection. This connector is built for durability and meets rigorous international safety standards.

## Technical Specifications

### Rated Current Options

- 10A
- 13A
- 15A

### Rated Voltage Options

- 125V
- 250V

<b>Model Number</b>	XR-501C
<b>Standard</b>	IEC60320-C13

## Compliance & Certification

<b>Certifications</b>	UL, CUL, VDE, SAA, CCC, ASTA, ENEC
-----------------------	------------------------------------

## Logistics & Ordering

### Port of Loading

- Shunde
- Guangzhou
- Shenzhen

<b>Minimum Order Quantity</b>	1000 pieces
<b>Payment Terms</b>	T/T, L/C at sight
