

Rim Lock Set with Keys

This rim lock set provides a robust security solution for doors. It includes a black-finished lock body, strike plate, three keys, and a brass-colored cylinder.

Overview

Classic Rim Lock Security

This rim lock set provides a robust and reliable security solution for doors requiring a traditional locking mechanism. The set features a durable black-finished lock body, a secure strike plate, and a brass-colored cylinder for added aesthetic contrast and functionality. Designed for ease of use and installation, it includes three standard pin tumbler keys, making it an ideal choice for residential or light commercial door security upgrades.
