

Riot Control Suit with Full Body Protection

This riot control suit provides full body protection. It includes a helmet with face shield, torso protection, arm and leg guards, and gloves.

Product Overview

Comprehensive Tactical Protection

This full-body riot control suit is engineered to provide maximum security during high-stakes civil unrest and crowd control operations. The modular design includes integrated helmet protection, torso armor, and specialized limb guards to shield the wearer against blunt force trauma and projectiles. Designed for professional use, it offers a balance of comprehensive coverage and tactical mobility.
