Overview

Intelligent Automated Cleaning

The GV360V Intelligent Sweeping Robot is a cutting-edge cleaning solution designed for efficient floor maintenance. Equipped with advanced navigation and obstacle avoidance technology, it autonomously cleans various floor types, while its compact design allows it to easily reach under furniture and into tight spaces. Featuring a powerful suction system and rechargeable battery, this robot provides a convenient and effective way to ensure a clean environment with minimal effort.

Technical Specifications

Rated Voltage	14.8 V
Rated Power	25 W
Charging Voltage	20 V
Charging Current	1 A

Key Features

Operational Highlights

25 W

Power Consumption

14.8 V

Operating Voltage

Cleaning Capabilities

Automated Navigation, Obstacle Avoidance, Multi-floor Compatibility, Powerful Suction
