

Rotary Car Polisher Buffer Waxer

This rotary car polisher buffer waxer is a heavy-duty power tool designed for automotive detailing. It delivers consistent speed and torque with variable speed settings and an ergonomic handle, making it ideal for removing scratches and swirl marks.

Overview

Professional Rotary Polishing Performance

This heavy-duty rotary car polisher is engineered for automotive detailing professionals and enthusiasts alike. Featuring a high-torque motor and variable speed control, it provides the precision needed to remove deep scratches, swirl marks, and oxidation from various vehicle surfaces. Its ergonomic design ensures operator comfort during extended polishing and waxing sessions, delivering a consistent, professional-grade finish on cars, boats, and other vehicles.

Performance Metrics

Compatible Surfaces

- Automotive Paint
- Marine Finishes
- General Vehicle Surfaces

Polishing Capabilities

Scratch Removal, Swirl Mark Removal, Oxidation Removal, Waxing

Design & Ergonomics

Control Features

Variable Speed • Ergonomic Handle

Accessory Compatibility

Supports various buffing pads and bonnets
