

# Rotary Sifter for Feed Production

This rotary sifter employs circular, oval, and linear motions for effective sifting. It is suitable for screening and grading powder and pellet feed.

## Product Overview

### Rotary Sifter for Feed Production

This rotary sifter is engineered for high-efficiency screening and grading of powder and pellet feed. It utilizes a combination of circular, oval, and linear motions to achieve superior sifting performance. Designed for durability and quiet operation, it features an improved elastic support system and a reinforced machine seat for long-term reliability in industrial agricultural environments.

## Technical Specifications

### Performance Matrix

Model	Power (kW)	Material	Capacity (t/h)
SFJH80x2C	1.5	Pellet	5-8
SFJH80x2C	1.5	Mash	4-6
SFJH100x2C	3	Pellet	8-10
SFJH100x2C	3	Mash	6-8
SFJH120x2C	4	Pellet	10-15

## Key Features

### Operational Advantages

- Tilt angle of 5-10 degrees for optimized sifting effect
- Balanced weight design ensures low-noise operation
- Improved elastic tail support reduces vibration
- Quick-change screen frames with integrated sealing
- Enhanced wire rope hanging structure to minimize wear

## Certifications

Quality assurance and international standard compliance including ISO 9001 and CE marks.

### Compliance

ISO9001, CE, SGS, Quality Certified

## Logistics

### PACKING AND DELIVERY

When the container arrive our factory, our shipping operator and delivering equipment will be ready on time to ensure goods shipped based on Sales Order requirement.

For Poultry Feeds Machines For Animal Feeds Manufacturing: Bracket, tray and fully sheathed case act as the main packaging containers for storage equipment shipped in 20ft or 40ft containers. Bracket and pallet are as the packaging container for side panels, reinforcing ribs and vane. Goods like trestle stand, roof are packed with simple steel power (similar to bundle packaging), directly shippable. Construction materials such as bolts, welding rod are containerized with closed wooden box.

Professional packaging in export-grade wooden cases and pallets for secure international shipping.

### Packaging and Transit

Standard export wooden case; transportation via Ocean or Land freight.
