

Rotating Barrel Hair Curling Iron with Adjustable Heat

This rotating hair iron features LED temperature indicators and a hot rotating cylinder. It has low, medium, and high temperature settings for different hair types and a power cord with a 360-degree swivel.

Product Overview

Professional Rotating Hair Curler

This rotating barrel hair curling iron is designed for efficient and versatile styling. Featuring an integrated clamp and a ceramic-coated barrel, it ensures even heat distribution while holding hair securely in place. The adjustable temperature control and swivel cord design make it suitable for various hair types and lengths, providing professional-grade results with ease.
