

Round Cable Clip with Integrated Nail

This round cable clip securely fastens cables to surfaces. It is made from durable plastic and includes an integrated nail for easy installation.

Product Overview

Professional Cable Management Solution

The Round Cable Clip with Integrated Nail is a robust solution for securing round cables across various surfaces. Engineered for durability, this clip simplifies installation with its pre-integrated nail, making it suitable for residential, commercial, and industrial cable management. It ensures a tidy, professional appearance while maintaining cable safety and organization.
