

Round Point Digging Shovel

This round point shovel is designed for digging, planting, and landscaping applications. Its durable steel blade efficiently penetrates tough soil, while the wooden handle provides a comfortable and secure grip.

Product Overview

Professional Round Point Shovel

This heavy-duty round point digging shovel is designed for efficient performance in demanding gardening and landscaping applications. It features a robust carbon steel head finished with a protective powder coating to ensure durability and resistance to wear. The ergonomic Chinese toon wood handle provides a secure grip, making it a reliable tool for professional landscapers and garden enthusiasts alike.
