## Product Overview

### Professional Recessed Downlight

The HCLT25 series offers a high-performance recessed downlight solution featuring a precision-engineered faceted reflector for superior light distribution. Available in multiple power configurations from 7W to 40W, these fixtures utilize COB technology to deliver a consistent 80Lm/W luminous efficiency. Designed for versatile indoor applications, the units feature a robust housing and secure spring-clip mounting for quick, reliable installation in various ceiling types.

## Performance Specifications

Luminous Efficiency	80 Lm/W
Beam Angle	45 °
Available CCT	3000K, 4000K, 6500K

## Technical Data

### Size and Compatibility

Power (W)	Size (mm)	Cut Out (mm)
7	86*37	75
9	86*37	75
12	101*44.5	85
15	116*53	95
20	140*62.6	120
25	163*73	145
30	190*84	165
40	217*99	200

### Surface Color

White

### Light Source

COB LED
