

Rustic Wood Beam Chandelier with Edison Bulbs

This rustic chandelier features a natural wood beam suspended from a rectangular ceiling mount. It uses Edison-style bulbs that provide warm illumination and blend industrial and farmhouse aesthetics.

Product Overview

Rustic Wood Beam Chandelier

This rustic chandelier features a natural wood beam suspended from a black rectangular ceiling mount, perfectly blending industrial and farmhouse aesthetics. Three Edison-style bulbs hang from black cords wrapped around the wood beam, providing warm and inviting illumination suitable for dining rooms, living rooms, or entryways. The fixture utilizes energy-efficient LED technology designed to mimic the classic look of antique incandescent bulbs.
