

SAA Approved Extension Socket

This extension socket is suitable for electric appliances using the SAA standard. It features a three-pole configuration for Australia.

Product Overview

Professional Extension Socket

This SAA-approved extension socket is engineered for reliable power distribution in demanding Australian electrical environments. Built to meet AS/NZS3112 standards, it features a robust three-pole configuration suitable for various household and professional appliances. Its durable construction ensures a secure connection for 250V systems, making it an ideal component for reliable electrical assemblies.

Technical Specifications

Rated Current

10 A

Rated Current

Rated Voltage	250 V
Model Number	XR-506
Standard	AS/NZS3112

Compliance and Quality

Certifications	SAA
Configuration	3 poles

Logistics and Customization

Payment Terms

- T/T
- L/C at sight

Port of Loading

- Shunde
- Guangzhou
- Shenzhen

Color Options	Any color as requested
Minimum Order Quantity	1000
