

SAA Approved Power Cord with Three-Pin Australian Plug

This power cord is suitable for electric appliances requiring the SAA standard. It features a three-pole Australian plug.

Product Overview

Professional SAA Approved Power Cord

This high-quality three-pin power cord is designed specifically for the Australian and New Zealand market, meeting rigorous AS/NZS3112 safety standards. With a robust 15A rating, it ensures reliable power delivery for a wide array of electrical appliances and heavy-duty devices. The cord features durable PVC insulation, providing long-term reliability and safety for professional industrial or commercial use.
