

Schuko Power Strip with USB Ports

This power strip features four Schuko sockets, two USB-A ports, and one USB-C port. The USB ports provide a combined output of 5V at 4.8A max.

Overview

Professional Power Distribution

This versatile power strip is designed for efficient power management in indoor environments. It features four standard Schuko sockets alongside integrated USB-A and USB-C connectivity. With a combined high-capacity charging output, it provides a streamlined solution for powering multiple electronic devices and accessories simultaneously.

Technical Specifications

Rated Current	16 A
Rated Voltage	250 V

Connectivity

USB Charging Output

5 V Output Voltage	4.8 A Max Combined Current
