

Scroll Compressor 8-12HP

This high-tech compressor is designed for domestic refrigeration and small commercial applications. It features low noise and vibration levels, while achieving high levels of efficiency.

Product Overview

High-Efficiency Scroll Compressor

This series of scroll compressors is engineered for demanding 8-12HP applications, offering reliable performance for both medium and high-temperature environments. Designed for versatility, these units are ideal for aquatic product processing, small-scale cold storage facilities, and central air conditioning systems. The robust construction ensures long-term durability and consistent cooling efficiency.

Applications

Suitable Applications

Medium Temperature, High Temperature, Aquatic Products Industry, Small-scale Cold Storage, Air Conditioning, Central Air-conditioning

Technical Specifications

Performance Metrics

8 HP

Minimum Horsepower

12 HP

Maximum Horsepower

Model Specifications

Model	Horsepower	Weight (kg)
ZB58KQ-TFD-551	8HP	60
ZB58KQE-TFD-551	8HP	60
ZB66KQ-TFD-551	9HP	60
ZB76KQ-TFD-551	10HP	65
ZB76KQE-TFD-551	10HP	65
ZB88KQ-TFD-551	12HP	65

Cooling Systems

Cooling Methods Supported

- Air-cooling
- Water-cooling
