Overview

Professional-Grade Hammer Drill

Engineered for demanding masonry, concrete, and stone applications, this hammer drill delivers superior performance with a robust 800W motor. It features a versatile three-mode operation system, allowing for seamless switching between drilling, hammer drilling, and chiseling. Designed with user comfort and safety in mind, it includes an overload clutch to protect the motor and operator, alongside an ergonomic, vibration-reducing handle design for extended use.

Performance & Power

Input Power

800 W
Power

Impact Energy

2.8 J
Impact Energy

No-Load Speed

1450 RPM

Impact Rate

5900 bpm

Drilling Capacity

Drilling Capacity by Material

Material	Max Diameter
Concrete	26mm
Wood	30mm
Steel	13mm

Features & Usability

Safety & Control

- Mechanical overload clutch
- Variable speed control
- Forward/Reverse functionality
- Efficient air cooling system

Ergonomics

- Antiskid soft handle
- 360° rotatable auxiliary handle
- Accurate depth gauge

Operating Modes

Drilling, Hammer Drilling, Hammering
