

Seafood Cracker and Fork Set with Sauce Cups

This seafood cracker set includes a durable metal cracker, slender forks, and small cups. It is designed for breaking open shells and extracting meat, with cups for sauces or discarded shells.

Product Overview

Professional Seafood Dining Set

This comprehensive seafood cracker and fork set is designed to enhance the dining experience by providing the essential tools for shellfish preparation. The set features a heavy-duty metal cracker built for efficiency and ergonomic comfort, paired with slender precision forks for easy meat extraction. Integrated sauce cups provide added convenience and organized service, making this set ideal for both restaurant settings and upscale home dining.
