

Sealed Lead-Acid Battery

This sealed VRLA battery has CE and UL approvals. It is designed for a variety of applications.

Overview

High-Performance VRLA Power

This sealed VRLA battery is engineered to deliver reliable and consistent power for demanding applications. Designed with a robust construction, it ensures long-lasting performance even in challenging environments. The unit meets stringent international quality standards, making it a dependable choice for professional power requirements.

Technical Specifications

Battery Type

Sealed • VRLA

Voltage

2 V

Capacity

200 Ah

Rating Basis

10hr

Production License

XK06-044-00032

Certifications

Approvals

CE, UL, ISO 9001-2000
