

Semi-Electric Pallet Truck

This semi-electric pallet truck is a versatile solution for various industrial applications. It combines manual operation with electric assistance for cost-effectiveness and ease of use.

Overview

Efficient Material Handling Solution

This semi-electric pallet truck is designed to enhance productivity in warehouses and distribution centers by combining electric traveling with hydraulic lifting capabilities. Its heavy-duty yet compact design ensures easy maneuverability and reliable performance during daily operations. With an intuitive electric control system, operators can handle loads with reduced fatigue and greater precision.

Performance Metrics

Performance Highlights

2000 kg

Max Load Capacity

4.6 km/h

Max Travel Speed

0.75 KW

Drive Motor Power

Technical Specifications

Model Specifications

Feature	CBD1.2A	CBD1.5A	CBD2.0A
Load Capacity (kg)	1200	1500	2000
Travel Speed Loaded (km/h)	4.6	4.2	4.2
Battery Capacity (Ah/V)	80/24	80/24	135/24
Weight w/o Battery (kg)	223	300	325

Operation Type

Pedestrian

Brake System

Electric-magnetic

Dimensions

Fork Dimensions	1150mm x 160mm x 60mm
Fork Lift Range	85mm to 205mm
Turning Radius	1600 mm
