Product Overview

Professional Sheet Metal Snips

These professional-grade tin snips are engineered for precision and efficiency in heavy-duty metalworking tasks. Featuring durable steel blades and a compound-lever action, the tool delivers significant cutting power while minimizing manual effort. Designed with ergonomic handles to reduce hand fatigue, it is an ideal solution for professionals in HVAC, roofing, and general industrial metal fabrication.

Technical Specifications

Maximum Steel Gauge

18 gauge

Cutting Capacity

Key Features

- Compound-lever action for increased cutting force
- Durable hardened steel blades
- Ergonomic handle design for comfort
- Reduced hand fatigue during repetitive use

Applications

Common Industry Uses

HVAC, Roofing, General Metalworking
