

# Shoulder-Mounted Brush Cutter

This shoulder-mounted brush cutter is designed for clearing dense vegetation and brush. It features a high-performance engine and ergonomic design for comfortable use.

## Product Overview

### Professional Performance

The CGTB52 Shoulder-Mounted Brush Cutter is a high-performance tool engineered for clearing dense vegetation, brush, and weeds with ease. Designed for both professional landscapers and demanding homeowners, it features a robust 51.7cc engine that delivers reliable power for challenging outdoor maintenance tasks. Its ergonomic shoulder-mounted design ensures operator comfort and reduced fatigue during extended operation periods.
