

Shovel Head Replacement

This shovel head is made for digging and moving materials. Its robust construction ensures a long lifespan and efficient performance.

Product Overview

Versatile Digging Solution

The CSQ4-6 shovel head is a durable replacement part engineered for efficient performance in a variety of professional environments. Constructed from robust materials, it is designed to withstand the demands of heavy-duty digging and material handling tasks. It offers wide compatibility with standard handles, making it an essential tool for construction, gardening, and landscaping projects.

Technical Specifications

Model Number	CSQ4-6
Suitable Applications	Construction, Gardening, Landscaping
Compatibility	Standard shovel handles
