Overview

Reliable Power Generation

This series of silent diesel generators provides a robust and durable power solution ranging from 9 to 60 kVA. Designed for versatility, these units are field-proven in thousands of applications worldwide, offering consistent performance and excellent fuel economy. The generator sets are engineered for quiet operation, making them an ideal choice for noise-sensitive environments such as residential areas, hospitals, and commercial buildings.

Performance Specifications

Power Output Range

9 kVA

Minimum Power

60 kVA

Maximum Power

Max Ambient Temperature

50 °C

Technical Details

Engine Type	Four-stroke-cycle diesel engine
IP Rating	IP23
Compliance Standards	ISO8528-5, NFPA 110

Quality & Certification

Certifications

ISO9001 • CE • ISO14001 • OHSAS18000

Factory Testing

Tested at 110% load conditions
