Overview

Professional Rental Generator

This silent diesel generator set is engineered specifically for demanding rental applications, featuring a robust soundproof canopy constructed from high-quality electrolytic steel plates. The unit is designed for maximum mobility and ease of use, incorporating integrated forklift pockets and lifting points for efficient transportation. Equipped with premium components and comprehensive safety features, it provides a reliable and stable power solution for noise-sensitive environments.

Technical Specifications

Core Components

- Original DCEC Engine
- Stamford Alternator
- DSE Controller

Canopy Construction

Soundproof electrolytic steel plate

Safety & Protection

Safety Features

Emergency Stop, Earth-leakage Protection, IP66 Outlets, Double Bonded Fuel Tank

Maintenance & Operation

Maintenance Aids

- Hand Oil Pump
- Fuel-Water Separator
- Gas Drain
- Oil Drain
- 3-way Valve

Logistics & Connectivity

Transportation Features	Forklift Pockets, Lifting Points
Electrical Connectivity	ATS Connection, VARTA Battery, Battery Switch, Battery Charger
