Product Overview

Premium Cargo Solution for Nissan Patrol

This high-quality roof rack is specifically engineered for the Nissan Patrol, offering a seamless fit and an aerodynamic profile that minimizes wind noise and drag. Designed to meet OE quality standards, it provides a robust and reliable platform for transporting luggage, cargo boxes, and sports equipment. The easy-to-install system ensures a secure attachment while maintaining an aesthetic that complements the vehicle's original design.

Technical Details

Product ID	CZSB-2017297
Material and Finish	Aluminum with silver finish
Vehicle Compatibility	Nissan Patrol

Key Features

Product Highlights

- Aerodynamic design to reduce wind noise
- OE-level manufacturing quality
- Includes crossbars and mounting hardware
- Simple and secure installation process
