

# Silver Electric Motorcycle

This silver electric motorcycle is designed for urban commuting. It features integrated front lighting and a comfortable seat.

## ADDITIONAL IMAGES

## Overview

### Professional Electric Mobility Solution

This silver-colored electric motorcycle is designed for efficient and eco-friendly urban mobility. It features a stable three-wheeled design with a comfortable, ergonomic seat and adjustable armrests for enhanced user support during operation. With a robust chassis and integrated LED lighting, this vehicle provides a reliable, safe, and maneuverable transport solution for diverse professional or personal needs.

## Physical Dimensions

### Physical Dimensions

**1500 mm**  
Length

**730 mm**  
Width

**1000 mm**  
Height

Ground Clearance

120 mm

## Performance

### Performance Metrics

**20 km/h**  
Max Speed

**150 kg**  
Max Load

**10 deg**  
Climbability

## Motor & Battery

### Motor Specifications

- Type: DC Brushless Motor
- Power: 500W
- Rated Torque: 70 N.m

### Available Battery Types

Lead Acid, Li-ion
