

Silver Gas Scooter with Step-Through Frame

This scooter-style motorcycle features a step-through frame and a single seat. It is equipped with a front disc brake and a rear drum brake, and has a rear-mounted exhaust system.

Product Overview

Efficiency Meets Convenience

This silver gas scooter features a practical step-through frame design, making it an ideal choice for urban commuting and short-distance transport. Engineered for reliability, it includes a single-seat configuration and integrated front fairing with built-in lighting. Its combination of front disc and rear drum braking ensures dependable stopping power for daily operations.
