

Silver Step-Through Gas Scooter with Luggage Rack

This silver gas scooter features a step-through frame, black seat and front disc brake. A luggage rack is included for carrying small cargo.

Product Overview

JF100T Step-Through Scooter

The JF100T is a versatile silver moped-style scooter designed for efficient urban commuting and light transport. Featuring a convenient step-through frame, it offers ease of access for riders, while the integrated front fairing houses essential lighting components. Built with practicality in mind, this model includes a rear luggage rack for added utility and a reliable front disc brake system for enhanced stopping power.
