

Simulated Flame Electric Fireplace

This electric fireplace provides supplemental heating and features a realistic flame effect with simulated logs. Designed for indoor use, it includes adjustable heat settings, flame intensity, overheat protection, and a remote control.

Overview

Modern Electric Heating Solution

This electric fireplace offers a sophisticated blend of aesthetic appeal and functional heating, featuring a realistic simulated flame effect and lifelike logs. Designed for indoor use, it provides a safe, vent-free alternative to traditional fireplaces, making installation simple and versatile. With adjustable heat settings and included remote control, it delivers convenient, customizable comfort for any room.

Technical Specifications

Power & Performance

2000 W

Max Power Output

220 V

Voltage

Construction Material	Steel
Model Number	DBL-2000-A2

Steel

Model Number

DBL-2000-A2

Dimensions & Logistics

Product Dimensions

Metric	Value
Product Size	68.8 x 27.5 x 81 cm
Carton Size	75 x 37 x 84.5 cm
Net Weight	33 kg
Gross Weight	35 kg

Container Loading

- 96 pcs per 20' container
- 280 pcs per 40' HQ container
