

Single-Cylinder Water-Cooled Diesel Engine

This single-cylinder diesel engine is water-cooled for consistent performance. It is suitable for a range of applications requiring a dependable power source.

Product Overview

High-Performance Diesel Engine

This single-cylinder, water-cooled diesel engine is engineered for reliable, heavy-duty performance across various industrial and agricultural applications. Featuring a 4-stroke horizontal design, it offers robust power delivery and consistent operation. The series includes multiple displacement options ranging from 522cc to 709cc, allowing for precise selection based on specific power requirements.

Technical Specifications

Bore and Stroke Specifications

Model	Bore x Stroke (mm)	Displacement (cc)
CP95	86 x 90	522
CP110	92 x 90	598
CP120	94 x 90	624
CPD110	92 x 90	598
CPD120	94 x 90	624
CPD125	94 x 96	666
CPD140	97 x 96	709

Compression Ratios

21 :1

CP95, CP110, CP120

18 :1

CPD110, CPD120, CPD125, CPD140

Engine Type

Water-cooled, 4-stroke, horizontal, diesel engine
