

# Single-Handle Chrome Kitchen Faucet

This single-handle kitchen faucet features a polished chrome finish. Its curved spout design provides optimal reach, and the smooth lever handle allows precise control of water temperature and flow.

## Product Overview

### Modern Kitchen Utility

This single-handle kitchen faucet features a polished chrome finish and a refined curved spout design for optimal sink reach. It is engineered for precise water temperature and flow control through its smooth lever handle. Designed for durability and corrosion resistance, this faucet is an ideal long-lasting addition to modern kitchen environments.

## Technical Specifications

Article Number	FC8001
Installation Type	Single-hole
Finish	Polished Chrome

## Key Features

Product Highlights	Corrosion Resistant, Single-Handle, Precision Control, Modern Design
