

Single Lever Kitchen Sink Mixer

This single lever sink mixer features a high spout and a sleek, modern design. It includes two stainless steel flexible hoses for connection.

Product Overview

Professional Kitchen Solution

This single lever kitchen sink mixer combines a sleek, modern design with reliable functionality for high-demand kitchen environments. Engineered with a high spout, it provides the necessary clearance for cleaning large pots and filling deep containers with ease. The durable chrome finish ensures long-lasting aesthetics and resistance to everyday wear, making it an ideal choice for professional kitchen configurations.
