Product Overview

Professional Grade Asynchronous Motor

This high-efficiency single-phase asynchronous electric motor is designed to meet rigorous GOST standards for diverse industrial applications. Built with 100% copper wiring and a robust, heat-dissipating frame, it ensures long-term operational reliability for machinery such as pumps, fans, and compressors. The series offers exceptional versatility with multiple mounting configurations and a wide range of frame sizes to suit precise installation requirements.

Technical Specifications

Efficiency Class

IE1 • IE2

Power Output

0.09 kW

Minimum Power

315 kW

Maximum Power

Mounting Configurations

B3, B5, B35, B14, B34

Compliance and Quality

Certifications

CE, CCC, ISO 9001:2015, GB/T 19001-2006

Construction

Winding Material

100% Copper
