

# Single-Serve Coffee Maker with Digital Display

This single-serve coffee maker is designed for use with travel mugs and features a stainless steel finish. It includes a digital display, programmable settings, and an auto shut-off function.

## Product Overview

### Compact Brewing Solution

The CMJ-2019 single-serve coffee maker combines classic design with modern functionality, featuring a large stainless steel finish that fits seamlessly into professional or home environments. Engineered for efficiency, it includes a digital LED timer for programmable brewing and a 0.5L stainless steel thermos jar. Safety is prioritized with built-in overheat protection and an auto-shutoff feature, making it a reliable choice for daily use.
