

Single-Serve Coffee Maker with Integrated Blade Grinder

This single-serve coffee maker is equipped with an integrated blade grinder. It is designed for individual use, providing a convenient and efficient way to prepare a single cup of coffee.

Overview

Freshness in Every Cup

This single-serve coffee maker is designed for those who value freshness, featuring an integrated blade grinder that processes beans immediately before brewing. With a 0.55L capacity, it is perfectly sized for individual use in home or office environments. The appliance offers versatile brewing options, accommodating both whole beans and pre-ground coffee to suit personal preferences.
