

Single-Serve Espresso Machine with Multi-Capsule Compatibility

This espresso machine is designed for single-serve use and has a 0.6L water capacity. It is compatible with Nespresso capsules, Dolce-Gusto capsules, coffee powder, and coffee pods.

Product Overview

Versatile Single-Serve Espresso Solution

This professional-grade single-serve espresso machine offers exceptional versatility for any coffee environment. Featuring a high-pressure 19-bar pump and a sleek design with stainless steel accents, it delivers consistent quality for both short and long espresso shots. With its multi-capsule compatibility, users can easily switch between Nespresso, Dolce-Gusto, coffee pods, or ground coffee, making it an ideal choice for diverse beverage menus.
