

Sisal Cat Scratching Post with Toy Ball

This cat scratching post features a durable sisal-wrapped post and a playful toy ball enclosed in a circular frame at the top. The sturdy base provides stability, while the sisal material encourages scratching, promoting healthy claws and preventing damage to furniture.

Product Overview

Designed for Healthy Scratching

This cat scratching post is engineered to provide a dedicated outlet for your cat's natural scratching instincts, helping to maintain healthy claws while protecting your furniture from damage. Featuring a durable sisal-wrapped post, it offers the ideal texture for scratching sessions. The design is completed with an integrated toy ball, ensuring your pet stays engaged and entertained.
