Available Tones

- Single Tone
- Six Tone

Operating Voltage

12-24VDC Multivoltage

Physical Construction

Product Dimensions

Dimension	Value (mm)
Width	112
Diameter	102
Depth	106

Horn Diameter	4 inch
Housing Construction	Epoxy encapsulated housing

Durability & Reliability

Robust construction suitable for extreme temperatures and high-pressure cleaning.

Environmental Protection	Weatherproof, Pressure Washable, Reverse Polarity Protected
Operating Temperature	-30°C to 77°C

Installation & Customization

Connection Options

- Wire lead connections
- Stud connections

Custom Packaging	Custom color box available for orders over 1000 pcs
------------------	---

Compliance & Support

Certifications

CE • RoHS • REACH

Warranty	12 Months
